

CHRISTIE TOURNET

& ASSOCIATES, LLC

Christie L. Tournet, Attorney

Prior to becoming a trusted litigator and counselor, Christie L. Tournet earned over a decade of experience in construction and real estate. Christie created business plans that secured debt, equity, and grant financing and she performed job-cost accounting and project management.

Christie also attended Loyola University in New Orleans and majored in Economics and International Business with a minor in Spanish. Despite working full-time and double majoring, Christie graduated summa cum laude in four years and earned both the Bank of Louisiana Award for the Outstanding Economics Graduate and the World Trade Center Award for the Outstanding International Business Graduate.

Prior to pursuing her Juris Doctorate at Loyola University, Christie became a Louisiana Notary Public in 2007. Then, when she attended law school, Christie continued to work full time and she received the LaNasa-Greco endowed scholarship in her second and third years of law school as well as the Loyola Law Excellence Award in Probate. Christie graduated in the top 15 percent of her class.

Before passing the 2011 Louisiana Bar, Christie also attained a Louisiana real estate salesperson license. She then immediately commenced working for a large, regional defense firm for almost six years until she started her own practice.

Christie's hands-on experience in business management, real estate, and law permits her to appreciate her clients' issues through a unique lens. She also boasts successful trial and appellate experience throughout Louisiana.
